Re: LightSquared Subsidiary, LLC  
Ex Parte Communication. IB Docket No. 11-109  
IBSF File No. SAT-MOD-20101118-00239

Dear Ms. Dortch,

I am writing as a surveyor on behalf of surveyors and GPS users in Wisconsin regarding the subject file.

LightSquared's request to have the FCC affirm their license ignores independent test results showing that their facilities could interfere with high-precision GPS. If that's true, not only will the surveying industry be harmed, but so will the hundreds of thousands of people who rely on the data we produce.

I **oppose** LightSquared's request until they can independently prove that their plan will NOT interfere with high-precision GPS.

Sincerely,

Lisa Coombs, RLS
